

How to Print CE Certificates

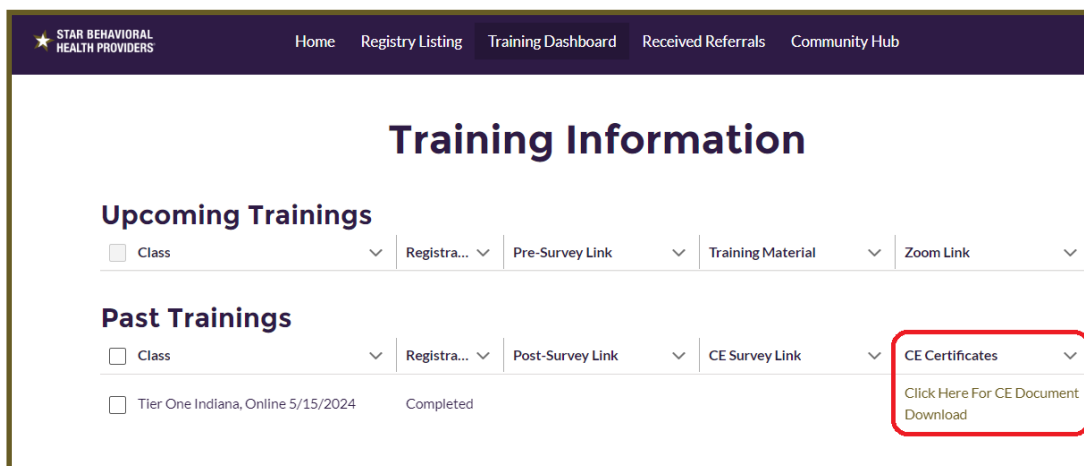

For any CE certificates earned on or after May 15, 2024, a PDF of the CE certificate will be generated automatically in your Provider Portal. An email will notify you when your CE certificate is ready to download. At that time you can log into your Provider Portal where you will see easy instructions on how to download and print the certificate.

CE certificates from trainings prior to May 7, 2024 are not available at this time.

1. To begin, log in to the Provider Portal. From the Portal welcome page, select the "Training Dashboard."

2. Under "Past Trainings", locate the training for which you want to download the CE certificate and click on "Click Here for CE Document Download".
